

Kinglake National Park

24th-25th September
10th-14th October
24th-28th October

Join our trips to Kinglake National Park to help Bushwalking Victoria and Park's Victoria with the restoration of walking tracks that were damaged in the January 2009 bushfires.

Over 96% of Kinglake National Park was burnt. The natural environment is well on its way to recovery, but Park Rangers are still working hard to repair the walking tracks to make the Park safe for visitors.

Don't miss this fantastic opportunity to volunteer amongst the spring wildlife while making Kinglake National Park accessible to visitors from all over the world. Your help will also create a better habitat for the native flora and fauna.

***Charges apply to cover your food, accommodation and transport (discounted for concession card holders and Bushwalking Victoria members)*

What to bring

- Long pants/sleeved tops and strong work boots
- Warm sleeping bag and pillow
- Sunglasses, hat, drinking bottle and snacks

How to join?

Please contact **Heidi** on **(03) 9326 8250** or **melbourne@cva.org.au** or visit our website at **www.conservationvolunteers.com.au**
